

APPLICATIONS:

APPLIANCE | ELECTRICAL | HVAC/R | MARINE | POOL & SPA | RV

REPLACES

- Trane Spark Ignition Control: D674713P01

FEATURES

- ✓ Direct Spark Ignition (DSI) control board
- ✓ 2-stage design provides energy savings and increased efficiency
- ✓ Microprocessor-based
- ✓ Monitors system timing, trial for ignition, system switches, flame sensing and lockout
- ✓ 100% lockout safety feature monitors for repeated over-temperature faults or flame losses and disables the heat operation for safety
- ✓ Continuously monitors the gas valve output
- ✓ Compatible with LP or natural gas
- ✓ LED indication for status and fault codes to aid in troubleshooting
- ✓ On board fuse

SPECIFICATIONS

- **Voltage:** 230 VAC
- **Control voltage:** 18 – 30 VAC
- **Frequency:** 50/60 Hz
