CREST GOOD'S EXCLUSIVE VISIBLE INVENTORY SYSTEM

Our clear jar visible inventory (VI) systems have been proven to save time and money in stocking inventory shops. Know exactly how many of your important plumbing parts are left -- never be surprised with an empty box again!

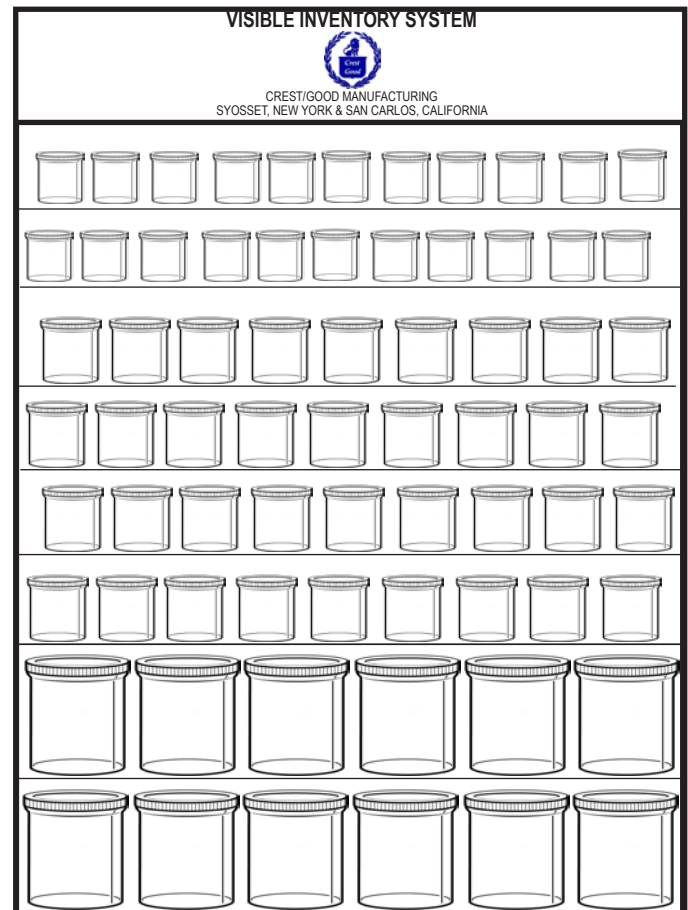

SAVE TIME - Locating needed repair parts

SAVE MONEY - Prevents overstocking and spillage of valuable parts

SAVE SPACE - The rack hangs on your wall, or stands on a shelf or the floor, and measures 49" high x 37" wide, and only 5" deep.

Let your Crest/Good salesman set up your system at no additional charge to you, labelling each jar to identify contents by catalog number. If you prefer, he will update, refill, and service your VI system at a schedule that is convenient for you. ***Crest/Good salesmen will never order parts without your approval. The VI system includes heavy gauge metal rack and 72 clear jars:***

TAKE THE GUESSWORK OUT OF YOUR PLUMBING NEEDS!

Our copyrighted Crest/Good Maintenance Survey System Chart is an invaluable tool to help you keep your plumbing and heating repair parts inventory always in proper balance. Crest/Good salespeople have been trained to work with you, analyze your system needs, and recommend a basic stocking plan to fill your particular needs. This fill in chart gives you the entire picture at a glance.

There is no charge or obligation for this service.

Simply contact your local Crest/Good salesperson to schedule a walk-through. You'll be impressed with the knowledge and service you receive.
