

# BOSCH

Invented for life

## Bosch IDS Family of Inverter Heat Pumps

### Inverter Ducted Split Family

The robust Bosch Inverter Ducted Split Air Source Heat Pump system utilizes just the right amount of energy to achieve ultimate comfort at maximum efficiency while keeping sound levels to a minimum.

# Bosch Inverter Drive Technology Provides Maximum Comfort, Minimum Energy!

## Bosch Inverter Ducted Split Family

The Bosch Inverter Ducted Split Family provides supremely-efficient comfort by adjusting compressor capacity rather than a simple on/off control like other units, thereby reducing operating costs and saving you money. With enhanced humidity control and higher efficiency, the performance of the Bosch IDS Family provides you with maximum comfort with minimum energy usage! Our system's intelligent features work in tandem with your thermostat to automatically adjust to your preferences, while integrated sound dampening features keep the units nice and quiet for your peace of mind.

### IDS Light

15 SEER System

- ▶ With IDS Light, you get the benefits of our inverter system at a price point you'll love!
- ▶ This system combines the efficient and reliable BOVB18 outdoor unit with our lower price point BVA15 PSC style air handler.

### IDS Plus

18 SEER System

- ▶ Our most popular system, the IDS Plus, provides the perfect balance of efficiency and comfort, while not breaking the bank.
- ▶ This system combines the efficient and reliable BOVB18 outdoor unit with our exceptional BVA20 two stage x13 ECM style air handler.

### IDS Premium

20 SEER System

- ▶ Qualify for maximum energy rebates, and save the most on energy costs with our highest efficiency offering: IDS Premium.®
- ▶ This system combines our top tier BOVA20 outdoor unit with our exceptional BVA20 two stage x13 ECM style air handler.

## Why Choose the Bosch IDS

### Consistent Room Temperature

Conventional heat pumps frequently cycle on and off, resulting in uncomfortable temperature fluctuations. Inverter-driven heat pumps are able to self-adjust, providing consistent room temperature, even when the temperature outdoors dips below freezing.

### Fast Response

It takes traditional systems a long time to reach the homeowner's desired temperature, while the boosted compressor speed of inverter systems allows for quicker, smoother and more efficient heating and cooling.

### Consume Only the Energy You Need

Modulating inverter systems deliver only the amount of hot or cool air needed to achieve the desired temperature – no more, no less. Bosch's Inverter Ducted Split system can provide you with maximum comfort levels at a minimum cost.

### Intelligent Control

The system will adjust the output capacity to match your ideal temperature requirements.

### Quiet Comfort Achieved

The Bosch Inverter Ducted Split system is one of the quietest air-to-air heat pumps on the market. Through the use of silent blade technology, sound isolating mounts and outdoor condensing section placement - the system can deliver outdoor sound levels as low as 56 dBA - which is far superior to any standard system on the market.

### Energy Use is Even and Steady

The frequent on and off of traditional units creates an in-rush current surge which uses more energy and causes unneeded wear and tear on your system. The Bosch inverter system smoothly ramps up operation, avoiding spikes in energy use and protecting the system's life-cycle.

### Residential Limited Warranty<sup>§</sup>

With the residential limited warranty, you receive peace-of-mind knowing you will receive replacement parts protection for up to 10 years. This standard offering covers all components incorporated into the heat pump system at the time of manufacture. All other components or parts that are purchased from Bosch and installed in the field have a 1-year parts warranty.

## Features & Benefits

### Bosch BOVB18

Outdoor Inverter Condensing Section

### Bosch BOVA20

High-Efficiency Outdoor Inverter Condensing Section

**A** Intelligent control features help adjust the output capacity allowing the unit to keep the temperature at your desired level without fluctuation and to keep humidity in check during the summer months. Whether it be summer or winter, the system keeps your home comfortable and the living conditions to your desired taste.

- ▶ The air coil design provides exceptional heat transfer and low air-resistance for high-efficiency operation that can help lower your energy costs.
- ▶ The direct-drive fan blades provide vortex suppression to reduce sound of airflow exiting the condensing section, thereby retaining low noise at high speed - with sound levels as low as 56 dBA.
- ▶ The condensing units come standard with an electronic expansion valve (EEV) to ensure proper refrigerant flow during all conditions in order to optimize the unit's operation to the highest efficiency possible.

**B** The high-efficiency variable capacity inverter compressor in the Bosch BOVB18 can adjust to any speed between 26% and 110% (in 1% increments), to perfectly cool and heat your home using minimal energy for maximum comfort.

**C** The high-efficiency variable capacity inverter compressor in the Bosch BOVA20 can adjust to any speed between 36% and 130% (in 1% increments), to perfectly cool and heat your home using minimal energy for maximum comfort.

## IDS Family Pairings

**4 Components = 3 Different Systems**

BOVB18 + BVA15 = **IDS Light 15 SEER System**

BOVB18 + BVA20 = **IDS Plus 18 SEER System**

BOVA20 + BVA20 = **IDS Premium 20 SEER System**

### Bosch BVA15

Robust & Reliable Indoor Air Handler

### Bosch BVA20

High-Efficiency & Reliable Indoor Air Handler

**D** Material – Foil faced insulation material on the inner walls decreases energy loss and reduces condensation.

**E** Cabinets – Painted galvanized steel cabinet is salt spray tested for improved durability and corrosion-resistance.

**F** Electric Heat – Can accommodate electric heat with no modification to the cabinet for additional heat on-demand when you need it most.

**G** PSC style motor in the Bosch BVA15 – simple and cost-effective solution.

**H** Two stage ECM motor in the Bosch BVA20 – Indoor blower stages up and down to provide enhanced comfort, energy savings, and superior humidity control.

**I** All-Aluminum Coil – With excellent heat transfer, efficiency, and humidity removal, the A-coil is more durable and has a lower chance of refrigerant leakage compared to typical copper coils.

**J** Control Board Pocket – A dedicated slot for the control board protects it from humidity in the airstream and extends its lifetime.

**K** Integrated Drain Pan – Made from corrosion-resistant composite material, gently sloped to reduce standing water.

**L** Drain Pan – Flexibility for VT or HZ applications.

**M** Filter Rack – Factory reserved, provides convenience for field installation and serviceability.

Bosch Offers Reliable Energy Efficient HVAC Products,  
That are Simple to Install and Support Readily Available!

## Bosch Has Developed and Built The Perfect HVAC System For Your Home

### Bosch IDS Family

- ▶ IDS Light up to 16 SEER | 9 HSPF  
IDS Plus up to 18.5 SEER | 9.5 HSPF  
IDS Premium up to 20.5 SEER | 10.5 HSPF
- ▶ Fully-modulating inverter drive
- ▶ Sound levels as low as 56 dBA<sup>(1)</sup>
- ▶ 8 Air handlers – 2, 3, 4, 5 Ton
- ▶ 4 Condensing units – 3 and 5 Ton
- ▶ Compatible with most 24 VAC thermostats
- ▶ Bosch engineering & quality
- ▶ Designed and tested to Bosch standards
- ▶ 10-year residential limited warranty<sup>§</sup>

### Installer Friendly

- ▶ Designed for easy installation
- ▶ Intuitive controls
- ▶ Support readily available
- ▶ Spare parts readily available
- ▶ Easy to maintain and service
- ▶ On-board diagnostics

Bosch IDS systems utilizes just the right amount of energy to achieve ultimate comfort year after year all while keeping sound levels to a minimum. Choose the Bosch IDS system that is right for you and enjoy our peace of mind 10 Year Bosch warranty!<sup>§</sup>

<sup>(1)</sup> 56 dBA sound level is based on outdoor unit. <sup>§</sup> Please go to [boschheatingandcooling.com](http://boschheatingandcooling.com) for full limited warranty details

# Choose the System That's Right For You

## Bosch Inverter Technology at a Price Point You'll Love

Quality engineering, quiet performance and an unbeatable warranty from Bosch delivers exceptional home comfort. Whether heating or cooling, our reliable inverter heat pumps keep homeowners comfortable by providing precise indoor temperature and humidity control. These high-efficiency, robust and quiet Inverter Ducted Split system heat pumps are available in four sizes ranging from 2 to 5 ton capacity to suit your needs. This system boasts a inverter drive which adjusts the speed of the compressor to optimize comfort, while keeping sound levels to a minimum and utilizing the right amount of energy to achieve maximum comfort.

### IDS Light BOVB18 + BVA15 15 SEER System

- ▶ With IDS Light, you get the benefits of our inverter system at a price point you'll love!
- ▶ This system combines the efficient & reliable BOVB18 outdoor unit with our lower price point BVA15 PSC style air handler.

# Be Comfortable Every Season!

## The Complete & Highly Efficient Dual Fuel Heating and Cooling System

Dual fuel systems are the ideal solution to maximize comfort & efficiency

### **A** Bosch BOVB18 or BOVA20 Outdoor Unit\*

The robust Bosch Inverter Ducted Split Air Source Heat Pump system utilizes just the right amount of energy to achieve ultimate comfort and maximum efficiency while keeping sound levels to a minimum. Choose between the BOVB18 or the BOVA20 for maximum efficiency.

### **C** Bosch BGH96 96% Furnace\*

The BGH96 Gas Furnace offers up to 96% efficiency, a two-stage gas valve, and a multi-speed blower. This ENERGY STAR rated furnace offers premium comfort and energy savings, it is the perfect solution to efficiently heat your home.

### **B** Bosch BMAC Cased Coil\*

The Inverter Ducted Split Cased Coil, when paired with a Bosch Furnace and IDS outdoor condensing section, delivers some of the best comfort levels and efficiency on the market today. Bosch offers a complete range of cased coils to fit your needs.

### **D** Bosch BCC100 Wi-fi Thermostat\*

The BCC100 is a sleek, internet-connected thermostat that offers easy all-in-one control for your heating and cooling systems. It can be controlled using the Bosch Connected Control app and is compatible with most 24VAC HVAC equipment on the market.

\* Products sold separately

# Bosch IDS Dual Fuel Options

Bosch offers a complete dual fuel heating and cooling system for your home. Dual fuel systems are the ideal solution to maximize comfort and efficiency. In the summer, the Bosch IDS efficiently cools and dehumidifies your home. In the shoulder seasons, the IDS system will provide the exact amount of heating or cooling that your home requires, no more, no less. In the colder months, the system senses when it is more economical for the heat pump to shut off and the Bosch BGH96 gas furnace to take over. Installing a Bosch matched dual fuel system is the best choice to optimize both savings and comfort.

# About Bosch

## **Bosch Group**

The Bosch Group is a leading global supplier of technology and services in the areas of Automotive, Industrial Technology, Consumer Goods and Building Technology. The company was founded in Stuttgart, Germany, in 1886 and presently has more than 440 subsidiaries and is represented in over 150 countries.

In the U.S., Canada and Mexico, the Bosch Group manufactures and markets automotive original equipment and aftermarket solutions, industrial drives and control technology, power tools, security and communication systems, packaging technology, thermotechnology, household appliances and software solutions. The Bosch Group's products and services are designed to improving quality of life by providing innovative and beneficial solutions. In this way, the company offers technology worldwide that is "Invented for life." Additional information is available online at [boschheatingandcooling.com](http://boschheatingandcooling.com) and [bosch.ca](http://bosch.ca).

## **Bosch Thermotechnology in North America**

Bosch Thermotechnology is a leading source of high quality water heating and comfort systems. The company offers gas tankless, electric whole house and point-of-use water heaters, Bosch and Buderus floor-standing and wall mounted boilers, Bosch and FHP geothermal, water-source and air-source systems as well as controls and accessories for all product lines. Bosch Thermotechnology is committed to being Simply Smart by offering products that work together as integrated systems that enhance quality of life in an ultra-efficient and environmentally friendly manner. For more information, visit [boschheatingandcooling.com](http://boschheatingandcooling.com).
