

# 800 SERIES

Mercury-Free Line Voltage Thermostats  
120, 240 or 277 Volts

Robertshaw®

801/802

803A

## Features and Benefits

- J-Box compatible: meets code, speeds installation
- Convenient at-a-glance temperature display
- Bimetal temperature sensing
- Positive-off switch ensures system shutdown
- No leveling or special disposal
- Replace most electric heat models

## Description

Universal replacements for many other brands, 800 Series line voltage thermostats can retrofit most existing electric heat thermostats. They feature bimetal temperature sensing for improved thermal performance and low voltage control accuracy.

**The 800 Series offers flexibility with three models:**

<b>801</b>	Heating	SPST switch action
<b>802</b>	Heating	DPST switch action
<b>803A</b>	Cooling	SPST switch action

## Specifications

Electrical Rating	25 AMP at 250 VAC RES
	18 AMP at 277 VAC RES
	1 HP at 125 VAC
	2 HP at 250 VAC
	125 VA PILOT DUTY
Temperature Control Range	50° to 90°F (10° to 32°C)
Accuracy	+/- 2°F

## Replacement Information

Verify specific application requirements before substitution.

<b>801</b>	
Pro1®	T501ML2
Honeywell	T410A1013, T410A1021, T410B1004, T498A1778, T4398A1021
Emerson™ White-Rodgers™	1G65-641
<b>802</b>	
Pro1®	T501ML4

**1 Year  
Limited  
Warranty**
