BOSCH

Overview and Certifications

Standard Features, Factory Installed Options, and Field Installed Accessories

Standard Features

- ▶ **White Pre-Painted Sheet Metal Cabinets**
 - Appliance White for a Clean - Durable Look
 - Door Handles - for Easy Removal for Service
 - LCD Display - for Easy View of Unit Operation
- ▶ **High Efficiency**
 - Up to 4.7 COP @ PL GLHP
 - Up to 4.0 COP @ FL GLHP
 - Up to 32.0 EER @ PL GLHP
 - Up to 22.0 EER @ FL GLHP
- ▶ **Electronically Commutated Motors**
 - Constant CFM Variable Speed High Efficiency ECM
- ▶ **Reliability - Durability - Serviceability**
 - Evaporator Coil - Tin-plated copper tubing with high-tech polymer coated aluminum fins (DuoGuard™)*
 - Alert Communicating Electronic Circuit Board

- ▶ **Closed Cell (Fiber Free) Insulation**
 - Improved Indoor Air Quality
 - Floating Base Pan
- ▶ **Electronic Circuit Board**
 - Low Pressure Switch Protection
 - High Pressure Switch Protection
 - Alarm Output
 - Condensate overflow protection
 - Anti-Short Cycling
 - Low Pressure Bypass at Start Up
 - Random Start of Unit
 - Brown Out Protection
 - Evaporator Freeze Protection
 - Water Coil/Coaxial Coil/Condenser Freeze Protection
 - Connections for a communicating thermostat and unit external status LCD for easy view of unit operation
- ▶ **Standard Warranty**
 - 10 Year All Parts Limited Warranty
 - 10 Year Labor Limited Warranty

* Available only for Vertical and Counterflow models.

Standard Features, Factory Installed Options, and Field Installed Accessories continued..

Factory Installed Options

- ▶ **Internal Electric Heat:**
 - Choices include 5, 10, 15, or 20 kilowatt depending on the size of the geothermal heat pump.
- ▶ **Domestic Hot Water Heat Recovery Package (Desuperheater):**
 - Utilizes the compressor's superheated discharge gas to preheat domestic hot water.
- ▶ **SmartStart Kit:**
 - An option which provides a means of reducing inrush currents at compressor startup. Light flickering is eliminated, and a smooth start is achieved. This option is also available as a field installed accessory.
- ▶ **Cupro-nickel Coils:**
 - Cupro-Nickel coils are recommended for applications where the water is of lower quality. Only coils are cupro-nickel. All fittings and straight lengths of pipe will be copper.
- ▶ **Pump Relay:**
 - Can be used to energize a supply pump or solenoid valve when there is a call for compressor operation. This relay can be used to switch either high or low voltage power.
- ▶ **Emergency Management System (EMS Relay):**
 - Provides user a means of interrupting the low voltage power to the unit remotely. This gives the contractor an option to remotely shutdown the unit in an emergency.
- ▶ **Comfort Alert Module:**
 - By monitoring and analyzing data from the compressor and the thermostat demand, the module can accurately detect the cause of electrical and system related failures without any sensors.

Field Installed Accessories

- ▶ **Thermostats:**
 - Bosch thermostats are fully customized to meet your individual needs. Bosch offers communicating thermostats that can display alert messages without having to go to the unit.
 - Passive dehumidification can be achieved via ECM fan controls paired with optional Bosch thermostat with humidity control
- ▶ **Duct Mounted Electric Heaters or Internally Mounted Electric Heat Kits:**
 - A field installed option for back up heat. Available in 5, 10, 15, or 20 kW depending on the size of the geothermal heat pump.
- ▶ **Stainless Steel Hose Kits:**
 - Available in various lengths and diameters depending on the need for your application.

Casing radiated sound power represents the sound a person would hear if they were standing directly in front of the unit. Ducted discharge sound power levels represent the sound a person would hear through air vents in a room when the heat pump is installed elsewhere.

Factory Installed Option - Cupro-Nickel Coil

Model Number with Standard Copper Coil	Model Number with Cupro-Nickel Coil (To add this option to the product, change the model number 10TH Digit to an "N")
SM024-1CFC	SM024-1CFN
SM024-1HZC	SM024-1HZN
SM024-1VTC	SM024-1VTN
SM036-1CFC	SM036-1CFN
SM036-1HZC	SM036-1HZN
SM036-1VTC	SM036-1VTN
SM048-1CFC	SM048-1CFN
SM048-1HZC	SM048-1HZN
SM048-1VTC	SM048-1VTN
SM060-1CFC	SM060-1CFN
SM060-1HZC	SM060-1HZN
SM060-1VTC	SM060-1VTN
SM070-1CFC	SM070-1CFN
SM070-1HZC	SM070-1HZN
SM070-1VTC	SM070-1VTN

Cupro-Nickel coils are recommended for applications where the water is of lower quality.

Field Installed Option - Touch Technology Thermostats

Description	Part Number	Heat	Cool	Humidity
3H/2C Touch-Technology Thermostat	8-733-942-499	3	2	No
2H/2C/Hum Touch-Technology Thermostat	8-733-944-325	2	2	Yes

Standard Features:

- Heat pump compatible
- 7-Day, 5-2-Day, or 5-1-1-Day programmable
- Touch-technology with illuminated options
- Hardwired with battery backup
- Unit status messaging
- Configurable for multiple systems
- Large display with backlight
- Selectable Fahrenheit or Celsius
- Icon indicator lights
- Relay outputs – minimum voltage drop in thermostat
- Service alarm
- Fault detection and history – stores up to 20 events
- 5 Years Limited Warranty

Duct mounted heaters are only available in single phase 208/230 V. Please refer to Manufacturer's Installation and Operation Manual for proper installation and guidelines. It is recommended to use a seven (7) conductor cables for thermostat interface. It is required for the duct mounted heater to have an independent power supply. In fiberglass duct systems, a metal sleeve MUST be used as an insert and support to the heater.

Field Installed Accessory - Swivel Connector Kit (two connectors shipped loose with each unit)

Order Number	Type and Size	SM024			SM036			SM048			SM060			SM070		
		VT	CF	HZ	VT	CF	HZ	VT	CF	HZ	VT	CF	HZ	VT	CF	HZ
8733927158	Male 3/4" NPT MPT to 1" swivel FPT	•	•													
7738003201	Male 1" NPT MPT to 1" swivel FPT			•	•	•	•	•	•	•	•	•	•	•	•	•

Swivel fittings are used in typical residential installations where water pressure ratings are below 125 psi. For higher pressure ratings which are typical to commercial installations, swivel fittings MUST NOT be used.
