

Quality and Reliability

Proven design using electrode technology perfected by Dri-Steem® a subsidiary of Research Products.

High Capacity

One unit can provide between 11.5 and 34.6 gallons per day.

Easy to Install

Remote or duct mount with no additional accessories.

Easy to Maintain

No cleaning or scrubbing, simply remove canister and replace.

Dispersion and Absorption

Steam dispersion technology ensures proper dispersion into the air, preventing condensation in duct.

No Accessories Required

Control, dispersion tube, steam hose and drain tube included in the box.

Model 850 Fan Pack

Weight: 10 lbs

• 24 VAC • 60 Hz • 0.75 Amps

- The Model 850 Fan Pack marries with the Aprilaire Model 800 Steam Humidifier to provide comfortable humidity levels in homes without duct work.
- Quiet operation makes the Model 850 Fan Pack practically unnoticeable.
- Designed to blend into a home's environment.
- Easy install – Recessed into a wall and connects directly to the Model 800 Steam Humidifier.

Voltage	Current draw		Maximum steam capacity
	Amps	Kw	gal/day
120V	11.5	1.4	11.5
	16.0	1.9	16.0
208V	11.5	2.4	20.5
	16.0	3.3	30.0
240V	11.5	2.8	23.3
	16.0	3.8	34.6

- Water Hardness – 3 to 36 grain per gallon, water filtration not necessary
- Water Conductivity – 125-1250 micro Siemens per centimeter (µS/cm)
- Supply water pressure must be between 25 psi and 120 psi
- Drain water flushed and tempered with cold fresh inlet water
- Electrical draw 11.5 amps or 16 amps
- Canister replacement once per humidifier season under normal conditions. Canister life will depend on water quality and run time. Unit will automatically notify when canister must be replaced.
- Operating Weight - up to 27 lbs.
